**Test Proves Wrinkles Go**

**See Marvelous Results in just 2 weeks or Test Costs Nothing**

Through the amazing benefits of a substance new to cosmetics, named Genava, aging skin can now look younger and younger. It's true! Genava acts in an entirely different way to correct aging dry-skin wrinkles, crow's-feet, thin papery texture. Small wrinkles disappear - even deep wrinkles show great improvement. Skin becomes smoother in appearance. Now you can prove these amazing results to yourself.

**Make Half-Face Test**

Apply Genava twice daily - under make-up and overnight - to only one side of your face. In just 2 weeks skin takes on the appearance of youthful firmness, with dry skin wrinkles vanishing - crow's feet diminishing. Many small wrinkles completely gone!

And, mind you, this is not a cover-up, not astringent, not temporary. Dry skin wrinkles really do diminish or disappear entirely.

**Get Visible Results or Money Back**

Use Genava for 2 weeks. If you are not thrilled with the remarkable improvement - if you do not see visible improvement in dry skin wrinkles and lines - return unused portion of Genava where you bought it for immediate cash refund. Stores are authorized to refund money on request. Genava, \$3.50 for the 30-day supply. \$5.00 for the 75-day supply. See this dramatic improvement in wrinkles yourself or the trial costs nothing.

**Mrs. Martin, Hebrew Cuevas wed Sunday**

Mrs. Cora Lecher Martin, daughter of Mrs. Leon T. Lecher, formerly of Bayou La Batre, now of Bay St. Louis, and the late Mrs. Lecher, and Hebrew Cuevas of Gulfport, one of the late Mr. and Mrs. Steven Cuevas, were married Sunday afternoon in the Holy of the Gulf Catholic Church.

Mrs. James J. Hennessey performed the double ring ceremony.

Mrs. Ashton Brinkley, now Orleans, was her mother's only attendant, and Felice Cuevas, son of the groom, was best man. A reception was held later in the evening at the parish hall where an arrangement of white gladioli, peonies, carnations and fern decorated the mantel.

Mrs. Ollie Martin served the cake and Mrs. M.J. Noland, David Lecher and Theodore Morefield acted as the punch table.

After a trip to Seattle, Wash., where they will visit Mrs. Cuevas' son-in-law and daughter, Mr. and Mrs. Dennis Smith, the couple will make their home in Bay St. Louis.

Gladstone fire razes 1 house, damaged another

A fire of undetermined origin burned down one house and severely damaged another Tuesday on Gladstone Street, off Old Spanish Trail.

Turned in at 11:30 a.m. by Mrs. Sam Perdicaro, the alarm was answered by the Bay Fire Department and three units from Waveland.

Walter Saucier, Bay fire chief, said both houses were owned by Loyd Tate who was out of town when the incident occurred. He said one house was a complete loss while the other sustained damage to one side.

"We concentrated our efforts on saving the second house," Saucier said.

## Mrs. Doerflein is Gulfport winner

Mrs. Leon F. Doerflein of 240 State St. broke the blue fish record at Gulfport over the 4th of July holiday with a fish weighing 5 pounds 15 ounces.

Five records fell at the 19th annual Deep Sea Fishing Rodeo which saw a 400 pound shark tagged as the biggest entry. Two other sharks, 377 and 355 pounds respectively, ranked next.

A 128-pound garfish caught the first day beat the standing record of 108 pounds set in 1965. Other new weights were established with white perch (one-a-lot), blue fish, flounder and speckled trout. The record for king mackerel was tied.

Mrs. Doerflein's fish was caught Monday and weighed in at one ounce heavier than the runner-up.

August Ruxer of Bay St. Louis established a speckled trout record of 7 pounds 3 ounces last year but it shattered twice, once Monday and again yesterday. This year's winning fish was 7 pounds 7 1/2 ounces backed up by a second entry of 7 pounds 5 ounces.

Owen Heltzmann of Bay St. Louis placed third in the flounder division with a fine catch of 6 pounds 12 ounces. Winning fish weighed 8 pounds 5 1/2 ounces. Previous record was 7 pounds 2 ounces set in 1962 by Lee Ferrell of Waveland.

After the opening day of the four-day event Nolan Vint of Clarendon Harbor was sitting in second position in the red fish catch with a landed entry of 20 pounds. His other red, at 10 pounds, won him the day's third place honors.

In the king mackerel section Robert Righter of Waveland weighed his entry at 9 pounds

five ounces for third in the day's event.

Other top fish and their landed weights were oolt water, blue marlin, 250 pounds; tarpon, 65 pounds; tuna, 120 pounds; cobia, 56 pounds; dolphin, 32 pounds; Spanish mackerel, 5 pounds 3 1/2 ounces; jackfish, 29 pounds; bonita, 17 pounds 9 ounces; redfish, 23 pounds; red snapper, 16 pounds 9 ounces; tripletail, 15 pounds 2 ounces; king mackerel, 44 pounds.

Also, fresh water, bluegill perch, 14 1/2 ounces; catfish, 44 pounds; bass, 8 pounds 1 ounce; sheepshead, 1 pound; white perch, 2 pounds 7 ounces.

## Sharkey wins '67 Huck Finn competition

John Sharkey, 13, son of Mr. and Mrs. John E. Sharkey of 602 South Beach, has been elected Huck Finn of 1967.

Soloed from a dozen candidates Sharkey's win was half due to his ability to whitewash a fence, a quarter to his period costume and the balance to personality.

The contest is sponsored

each year by the Jaycees of all expense paid trip again next year. He will present the 1967 trophy to the winner of the contest.

A student at St. Stanislaus College, representing the state's Mississippi River border counties, Sharkey won a trophy and a \$100 bond plus the

end of the construction phase at the last offer. Beat 1 was down \$325,693—from \$466,011 to \$140,318. Beat 2 dipped from \$357,200 to \$246,761—a loss of \$110,439.

Booming Beat 5 led the personal property gains with a plus \$79,432—room \$697,574 to \$977,006. Beat 4 was up \$35,970, going from \$13,485 to \$49,455, largely because of T.L. James Co. highway construction equipment on the scene. Beat 3 edged up \$2,375 from \$9,960 to \$12,335.

The assessment includes \$88,710 property that is tax free but still goes in the total assessment. \$16,550 of the real estate is exempt and \$72,160 of the personal.

## Mitchell girl drowns in Catahoula Creek

Victim of an accidental drowning, Cathy Mitchell, 5, daughter of Mr. and Mrs. Looman R. Mitchell, Rt. 3, Pico-yune, was buried Friday in Memorial Gardens, Ricanyune. Funeral services were conducted that day at Harmony Baptist Church, Pico-yune, Rev. Wayne McClintock and Ray Newcomb officiating. The girl is survived by her parents and three brothers, Ronnie, James and Richard.

The accident occurred at the St. Regis picnic grounds, approximately two miles south of Catahoula Church north Hancock County. The girl was with her uncle and aunt, Mr. and Mrs. James Copeland of Dallas, Tex., and was last sighted playing on a sand bar. A search was be-

gun when she was discovered missing and the body was found under a bridge in about four feet of water 50 feet downstream from where she had last been seen on Catahoula Creek.

Taking part in the search were Sheriff Sylvan Ladner, Chief Deputy Eldo Depree, deputies Leo Wood and George Rayburn, County Patrolman Richard Tarver, Game Warden Patrick Toomey, Highway Patrolman Albert Mann and Tony Greer, and Horatio Frierco, Jr., International Paper Co. The body was discovered by one of the civilian volunteers, Bryan Skipper, who was part of a human chain formed to comb the creek's waters.

Serving on the inquest jury, which ruled the death was by accidental drowning, were Beat 4 JP A. Frank Selph, an acting coroner; Leo Wood, bailiff, and Richard Tarver, Erwin Hoda, Patrick Toomey, Eldo Depree, Albert Mann and Tony Greer.

## WIN WITH WADE One Good Term Deserves Another

TO THE VOTERS OF PEARL RIVER AND HANCOCK COUNTIES

I have supported since elected:

I. Forest Products Utilization Laboratory at Mississippi State University. Studies at this laboratory will create many new uses for wood products in the near future.

II. Establishment of research and development center. This center will provide advice and guidance concerning research requirements to all agencies, institutions and organizations pursuing economic development. Also provide a common facility for use by all educational institutions, governmental agencies and business firms.

III. An act to provide that automobile liability insurance policy shall be issued which coverage is provided for the protection of the insured against loss caused by an uninsured vehicle. If you do not want this protection you may reject the coverage in writing. I have been honored for some time in seeing that the person who carried auto liability insurance would be protected against loss caused by the vehicle which was not insured. In the 1964 regular session, I was co-author with others of a bill that would have made all auto owners take out auto liability insurance. In the 1966 regular session H.R. 121 did pass and protect the insured against damages for bodily injury or death from the owner or operator of an uninsured motor vehicle.

IV. Increased appropriation of \$4,500,000.00 or about 17% for social welfare.

V. Increased appropriation of \$4,000,000.00 or about 25% for hospitals and hospital services. This payment to hospitals for indigent patients was raised from \$10.00 to \$12.50 per day.

I am asking you to help re-elect

Beat 2**

CLAUDE R. (PAPPY) GRAHAM - Candidate for Supervisor Beat 2 Hancock County. Has the ability, training, and experience to make a qualified and dependable public servant.

Help me and I will help you to have one of the finest counties in the whole state. Let us stop waste and inefficiencies in our local government.

I sincerely promise I will conduct the county business effectively, and, if elected, I will see that you will receive 100% of your tax dollar's value. We can and must close the loop holes and make our dollars go as far as possible.

This is the first time the candidates are running at large (voters will elect a supervisor from each beat) and I pledge that I will cooperate with all elected officials as far as possible without betraying your trust. I am of the opinion that a supervisor should have the welfare of his whole county at heart, and should work towards this goal.

I sincerely think that I will be able to give to every voter and resident of Hancock County a better county in which to live and work. I will do everything in my power to continue to work with the Port and Harbor Commission to bring industry and jobs to our area. I am one of the charter commissioners of this commission.

Remember, you and you alone are the ones to judge who is to be your supervisor. Choose carefully.

**DUTIES OF YOUR SUPERVISOR**

**R. G. "MANNY" HUBBARD**

**SUPERVISOR ..... BEAT 5**

So many people do not really know just what the Supervisors do other than be responsible for the roads outside the city limits. Before citing some of the things that have been done, it might be of help to understand the RESPONSIBILITIES AND DUTIES OF YOUR COUNTY SUPERVISOR.

The Board of Supervisors, which consists of five persons elected from each of the county beats for a term of four years, is the PRINCIPAL GOVERNING BODY OF THE COUNTY.

The board meets regularly the first Monday of each month at the county courthouse, with the Chancery Clerk, who is the clerk of the board, and the Sheriff in attendance.

The duties of the board of supervisors are numerous and varied. The types of duties are financial, judicial, those duties pertaining to highways and public work, education, public welfare and health, agriculture and conservation, purchasing and other miscellaneous tasks.

THE MOST IMPORTANT FUNCTION IS THAT OF FINANCE. The board has the power to levy taxes for county purposes, appropriate money, equitize assessments, settle claims against the county, and select depositories for county funds. The board prepares the annual budget for the county and has the power to issue bonds for many purposes.

Each member of the board has judicial powers as conservators of the peace, and each has all of the powers of a justice of the peace. The board can create additional justices of the peace, and may establish county courts under legal limitations. It is the duty of the board to prepare the jury list for the circuit court.

County road administration is the exclusive task of the supervisors, and includes the employment of crews and superintendents, the purchase

and rental of equipment, inspection of roads, bridges, and similar duties.

In the field of education, it is the duty of the board to maintain the public libraries and levy a limited tax for their support. The board also works in conjunction with the county superintendent of education on educational matters.

The board has the responsibility of the county health program, including the power to establish county health offices. It can establish county hospitals and provide for food inspection. It has charge of the county welfare program, including the care of paupers, and the provision of county homes for this purpose.

The board assists in improvement of agriculture and conservation. It establishes drainage districts and appoints commissioners for them. It also provides for establishment of parks and game reserves, and cooperates with state and federal agencies. The board has the power to levy taxes to support these types of projects.

All supplies and equipment for the county are purchased by the board, including furniture, robes, books, law books, machinery and anything else needed to conduct county affairs.

Some miscellaneous activities of the board are to call, provide facilities for and supervise holding of elections; to provide care and supervision of county buildings; and to serve the people in every way possible.

Now that you know what CAN be done, in the next few weeks I will review what HAS been done.

POPULAR ATTRACTION AT ST. ANN'S FAIR

IT IS RECOMMENDED Mr. Rivera took some of his friends' advice and tried Jerry Lane Chevrolet and John Gallagher.

Some of my friends and neighbors have bought cars from John Gallagher at Jerry Lane Chevrolet. They highly recommended the quality of used car program that they have to offer. I went down and met with John Gallagher who counseled with me on my needs. He then demonstrated the car that we agreed fitted my needs and wants. I would like to give this testimonial - I bought because I got the right car at a fair price.

ELECT  
Jerry  
Ladner  
Supervisor  
Beat 5

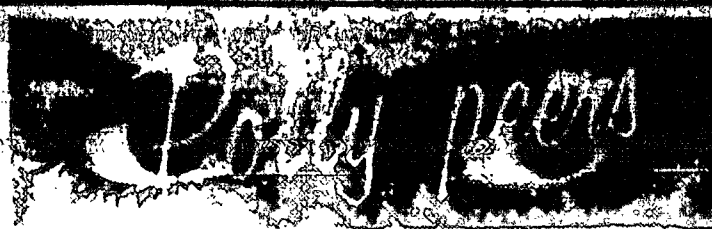

I would like to introduce myself to the people of Hancock County. I am Jerry Ladner. I am a native of Hancock County having been born and reared in Lakeshore. I graduated from Gulfview School and Bay High School. I owned and operated Jerry and Mary's Restaurant and Lounge in Clarksburg Harbor until it was destroyed by hurricane Betty in September of 1965. From that time on I have been living in Waveland doing General contracting work. I am married to the former Mary Ellen Ladner, the daughter of Volma Johnson Ladner and the late Julian (lawclothes) Ladner of Clarksburg Harbor, Miss. I am the son of Forrest A. and Irma Bourgeois Ladner of Lakeshore, Miss. I am the grandson of the late Samuel C. Ladner, who held the office of Hancock County Treasurer. My grandmother was the late Laura Mercutio Ladner of Kila, Miss. I am also the grandson of Lydia Ladner Bourgeois and the late Alfred (White) Bourgeois both of Waveland. My uncles and aunts are the following: the late Ed and Horatio (Red) Ladner, Rudolph, Rob, and Chris Ladner, Lovina Ladner Carver, Della Ladner Bourgeois, and Dora Ladner Dorman, all of Lakeshore; Lloyd, Wookley, Morris, Clifford, Leroy and Roy Michael Bourgeois and Melinda Bourgeois Dorman all of Waveland, Miss.

I would like to take this opportunity to ask you fine people of Hancock County for your votes and influence in electing me as your next Supervisor of Beat 5.

Sincerely,  
JERRY LADNER

(P.D. Pol. Adv.)

After three weeks of literally living a life of pure leisure, and a couple of days of ignoring the faded award of Damascus in the form of a column to his door, hanging over our head, we'd better get down to a bit of work, or else even the most patient of bosses, (and there's some more patient than me P.O., Jr., thank goodness), might decide we've grown just plain lazy. Before getting around to such a notion, come, all but ancient by now, to do what we do best: to work. For the lovely cards, sorry to have been unable to go about wearing a beaming Camille-Rho collar and smiling cheeks, but to be perfectly honest, we've never had so much fun. The ball is over, back to work, and NOW.

### A gay Rotary shindig

Apparently one of the most enjoyable recent occasions was installation of the Rotary Club officers which took place at Bay-Waveland Youth Club on June 21. Everybody's telephone buddy, County Deputy Ed the beaver installing Joe McCullough as prom king after '67-68 term. Then came the place-to-place rotation, (and together with Ray, well known Louisiana advertising-public relations executive, Gerry Leno was responsible for bringing the most outstanding person into the local sphere, and we're told that his visit held the large audience of members and their Rotary Area guests, and that there have still laughing at some of his remarks.

Time too, to congratulate the Waveland Men's Club, (for nearly 100 years) which has organized to members of other organizations, for the really great job they did in putting on their first fair June 23-24, at Coleman Avenue and the beach. As always in Waveland, just about everyone pitched in to help make the festival a success.

Love of isolated get well wishes, Francesco Payard's vacation was spoiled by emergency surgery and before he really recuperated, her mother was rushed to Hancock General. Some other recent H.G. patients included Aida Bial, Mr. William Burroughs, Mr. Jimmy Turcotte, Joe Richardson, Susan (Mrs. Michael) Lee, and Berardine, and St. Joseph Academy's Sister Beth. All of the above mentioned are now well on the road to recovery.

The Baroness von Sternburg, who as always looks lovely, has also been ill, but to tell the truth she's spending some time at her Clermont Harbor summer home.

### The vacation round-up

Just about everyone or has been on vacation. Dario and Raymond Loder had a real blast on their tour through Rock City and Ruby Falls which they commenced with a visit to our old dumping grounds, Nashville. Then Dario has pleasure to prove they not only took in the Leticia Lynn Radio, but also met her, as Raymond passed with the young lady. They attended the Grand Ole Opry, and again charmed with the pretty country music singer after the show.

Larilla Culbreth and Reiko Bourgeois are true vacation fans and brought back everything but a basket from their visit in Choptank, Wye.

Honeybees and Pat and Alvin Bourgeois spent the weekend of the 4th in Daytona Beach, Fla., where they took in the auto races, of course.

Nellie and Edna Bourgeois and small son Ardo spent the vacation weeks when they "visited" Waveland. They took in the Monticello, the Deer Ranch, and Edna's school quite successfully. No and his father-in-law Alan Schell came in with 14 very nice spotted trout on Sunday.

Garry and Kerry Schell are presently spending their two weeks with pay with their parents, Edna and Frank Tressel. Kerry Youngblood and sister Chelsie added to holiday enjoyment with their trip and have been just on June 10, July 1 and 2. They received a very nice plug in March O' Bryan's walk-road up and down the beach in the Times-Picayune.

Another happy family home with good to Merville (Mo) Watson. She's been under the weather all and on her month: pneumonia was her most recent ailment.

### With the anticipating set

Don't know if the moon has anything to do with it or not, but it's just as well that anyone who is interested in enlarging their family don't married to one of the local doctors, at present. For we have to add that for Mrs. Carol (Mrs. Andy) Merdianich in an emergency Rhinoceros Recovery (Mrs. Leroy) McFarland, Irma and Johnny Lyons' sixth child and fourth daughter, now-called S.J., arrived on Wednesday, June 21, at Calhoun Memorial Hospital. Irma and baby both doing excellently. And now we come to Doc (Mrs. M.L.) Darden, Debbie (Mrs. Henry) Maggill and Evelyn (Mrs. Charles) Cox, all are going to spend the next few months in total droves, which we feel a decided improvement on the traditional maternity garments.

Babette already has lovely Miss Laura Jo Seider, Ben and Laura's third daughter, born Monday June 12, at Hancock General and Master Phillip Hart, Marie and Lou's first, who weighed in at something over nine pounds on Friday June 16, at the same hospital.

Joyce and Carl Loder are driving around in one of the prettiest new cars in town. It's a red sportsman model with black hard-top.

Betty Ann McCutchen, who'll be just about a week after this children pass around, spent the weekend with her sister Mac McCutchen and wife, Margie.

## Some thoughts on state offices

Every four years we are confronted by the same facts. We don't know much about some state offices or their candidates. It's true we think we have a reasonable picture of the governor's job and then our candidates for that office. The same follows in the lieutenant governor's race, in the attorney general's.

And we have some comprehension of the commissioner of insurance and the public service commission function. And presumably farmers are familiar with the Commission of Agriculture and Commerce but how many of our readers know the job of the State Land Commissioner or the candidates this year (C. M. Darragh, Watt Carter, Andrew Sullivan). (Because of health Robert Arthur isn't running for re-election.)

For your information the holder of this office (1) keeps records of basic land surveys made by the U. S. Government; (2) serves on the Mineral Lease Commission and (3) administers state owned land, including Chickasaw School lands, lands forfeited for non payment of taxes and (4) Section 17 lands located in other counties.

All of this is a roundabout way of pointing out two thoughts. In the first place we should know more about our state government and its various subdivisions. We also query if it wouldn't be better for some of the offices to be filled by appointment rather than election.

## Now it's done let's ponder

Now that Mississippi is committed to financing Litton's giant complex to the tune of \$130 million plus a few more in connection with Jackson County dredging and fill, a few sobering thoughts are in order.

To what extent has this step precluded for some years Mississippi's doing similar financing for other industries? Isn't a \$52,000 capital expenditure per direct job produced right high?

Over the long run we agree with Gubernatorial Candidate Bill Waller. "I have studied the industry-getting programs of other Southern states, and know that today's blue-chip, growth industries are moving into areas offering, not tax exemptions, but educated and trained manpower". State financing is merely an extension of tax exemption and trained manpower is where Mississippi is weakest.

It must be a dirty Republican-sponsored rumor, but we did hear one fellow say he heard that Ross would end up being the Democrats' choice for governor.

## Firsthand report on our hospital

By Polly Meserchis

The first vacation, or how to have fun in a hospital.

complaining our upcoming absence from the Echo, several weeks ago. Even though we proposed absolutely no trip—just a change of scenery and a change of pace—we were told that we had to go. We were told that we had to go. We were told that we had to go.

Knowing full well that there'd be no trip, we decided to make the most of it. We decided to make the most of it. We decided to make the most of it.

From the moment we stepped out the door to sign admission papers until we returned to the same small office for discharge, we can truthfully say that everyone with whom we came in contact, even in the

smallest way, made every effort to make the entire stay an experience to be pleasantly and permanently remembered.

Along about here, we would like to begin mentioning names, because most were already friends, or are now; but no many were so very nice and so just might forget someone. For instance, the orderly who went to such pains to put a beach for flowers and plants in the best location; or the man who constructed these attractive benches in the first place. And then those in the kitchen who made such an effort to see that the food was well prepared, served piping hot and appealing to the eye. Then there was the nurse's aide who remembered that we required milk with all the hot food. And the nurse who remembered that we required milk with all the hot food.

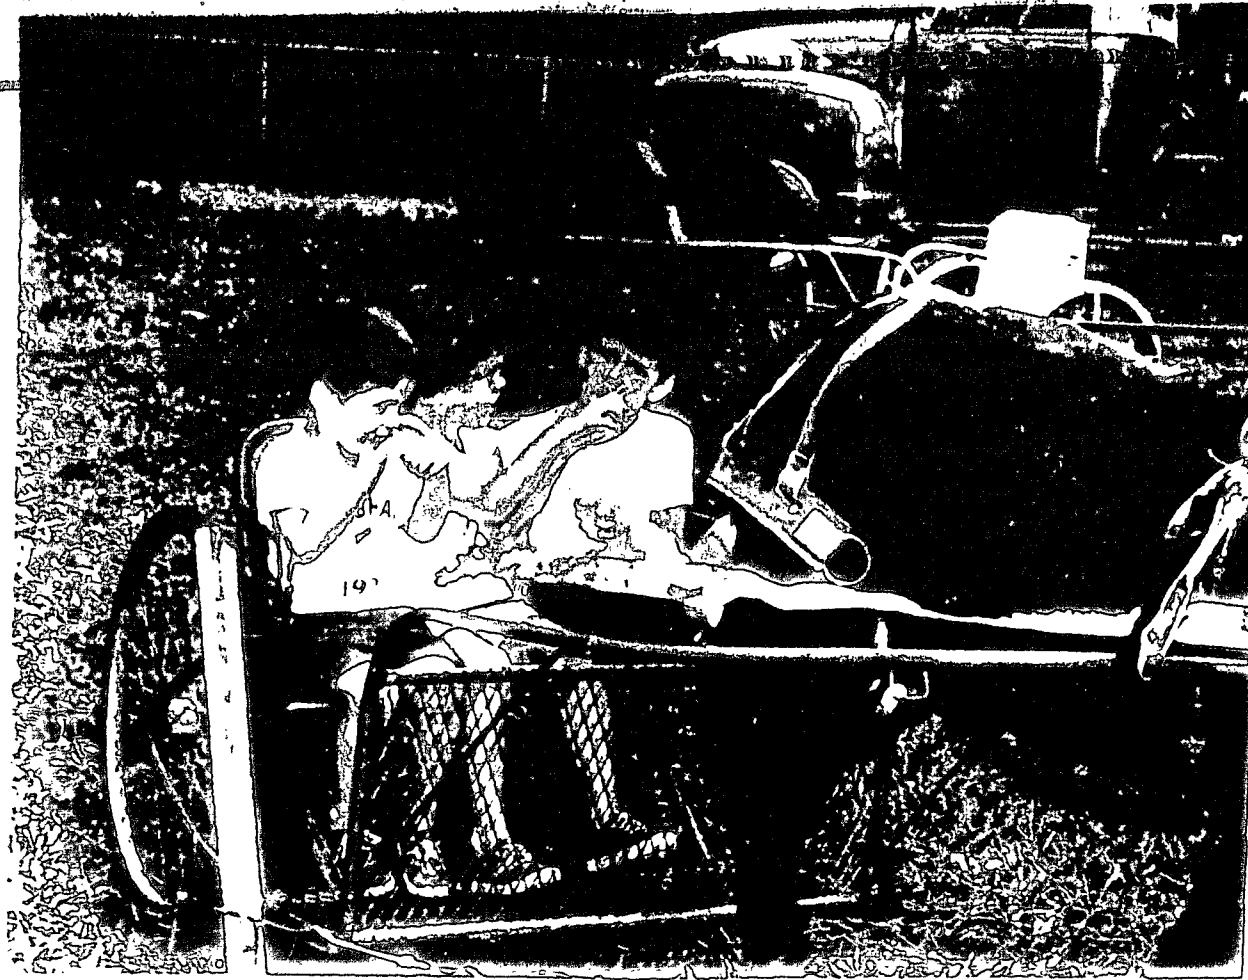

Of course we didn't forget that in feedings will ever replace a good rare steak (but calories are fewer) that from the temperature checks, while understandingly, we were very much at times missing the

that we don't secretly feel that there must be an oral substitute for jobs in one's posterior. Hospital life must have a few inconveniences to make the patient appreciate the parole.

Too, no one could possibly plan day in and day out means to please the world. Frankly we have grown bored and bored, but there was always enough food to feed at least two people on every tray, and so far we're concerned. And long on comfort was cooked by someone else, nicely served, and then taken mysteriously away, we'd eat it, and happily!

Then the flowers, plants, cards, candy (which we could eat after low calorie, weight dropping diets), and lovely lingerie, the sexton we've owned in years, more than made up for a very few minor discomforts.

And now, back to the ranch, which reminds us, the absence of summer TV reruns, makes us look back more than fondly to our conjugal in Hancock General. . . . Don't think there's much left to remove, but we're fondly codding a couple of towels, just in case we feel the need for the perfect root camp next year. . . . you may balance the charms of the penitence against the dizzying heights of a vacation in the mountains. . . . We'll over by our own Hancock General Hospital, and be grateful to hospitalization for feeding most of the bills!

## "A Conservative View"

By James J. Kilpatrick

A couple of months ago, Senator Everett Dirksen had a nice little fire blazing on the matter of a proposed constitutional convention. More recently, the fire has seemed to subside. And now comes the prestigious American Enterprise Institute with a first-rate review of the whole proposition. Regard the fire as thoroughly banked. No such convention will be held.

What the AEI makes clear, in its pleasantly lucid publication, is that the relevant provisions of Article V of the Constitution are essentially meaningless. This is not the AEI's conclusion, for this non-partisan research institute draws none; it is rather a conclusion that arises inconspicuously from the array of uncertainties and procedural obstacles that the AEI describes.

If this conclusion is valid—that the "States' rights" provisions of Article V in fact are hollow phrases—it is bad news all around. For the Founding Fathers regarded the provisions as an essential part of the federal machinery. Here was another brake against excessive power in the Congress. Now it appears that the brake is useless; it is a mere constitutional ornament, having no connection to political reality.

These speculations arise, of course, from the movement among various State legislatures to obtain a constitutional amendment that would blunt the thrust of the Supreme Court's "one man, one vote" decisions. Under Article V, constitutional amendments may be proposed in either of two ways; the first way—the way that always has been used—requires the approval of two-thirds of each House of Congress for an amendatory resolution, which

then goes out to the States for ratification. But the Founding Fathers, with great foresight, perceived that this procedure, standing alone, would permit a minority in either House effectively to freeze the Constitution by making it impossible for proposed amendments even to be submitted to the States. It is today mathematically possible for the congressional delegations from only five States to bar absolutely an amendment that might be desired by the other 45 States. Thus the alternative "second way" was devised.

Under this approach, Article V says that the Congress "shall call" a constitutional convention on the application of not fewer than two-thirds of the States. Two-thirds of fifty is thirty-four. The AEI's careful study discloses that over the past three years, 32 States actually have adopted resolutions, in one form or another, applying to the Congress to call a convention on the reapportionment issue. That is about the only positive and unambiguous statement that can be made. If Article V could be read literally, it would be necessary for only two more States to adopt such resolutions before the Congress would have to call a convention.

At first impression, it would seem unthinkable that members of the Congress, sworn to uphold the Constitution, could then ignore the plain mandate of the "shall call" provision. But the thought is thinkable, all right. For the language of Article V raises a hundred questions, and the Constitution is silent on all of them. Thus: Many of these State applications date back to 1964; are they still valid, or are they out of date, in 1967? Suppose a

current State legislature were to rescind an earlier resolution requesting a convention; would the rescission be effective? Four of the States that are known to have adopted convention calls—New Hampshire, Colorado, Utah and Georgia—apparently failed to send copies of their resolutions officially to the Congress; do these resolutions count in the total?

Other questions: If a convention were called, when and where would it be held? How would its members be apportioned? Would it be wide open, or could its deliberations be restricted by the congressional act bringing the convention into being? How would the convention's proposed amendments be transmitted to the States for ratification? These are large questions; they could be answered, if at all, only by a bill in Congress. And to get a major bill through Congress is a tedious task.

Above and beyond all this, as the AEI review makes clear, is the overriding problem of enforceability. Suppose that it became clear that the Congress simply would not adopt a bill providing for a constitutional convention. What power could compel the Congress to act? Not the Supreme Court, which has no authority to mandamus its co-equal branch. Only "public relations and the ballot box," suggests the AEI, would succeed. And these forces, one argues, could secure the desired amendment by the familiar congressional process. In brief, the movement can be regarded as tabled. If two more States should adopt timely resolutions, come history and many speeches will be made. But don't hold your breath until this illusory convention comes to order.

WASHINGTON—Russia's press showed during his conference with Premier Kosygin had learned one thing well from the American press: Nihilism. Khrushchev, he learned, was not to be trusted.

When Khrushchev was ousted, he had been quick, paying less and less attention to the press. One of the chief changes in the press was not carrying out Kremlin instructions.

But Kosygin played it differently. He was amiable to Johnson's press, and he was every indication he felt things were going to Moscow and asked for advice and instructions.

The U.S. Embassy in Moscow has learned that Kosygin was called to consider Kosygin's view of the country also, the hardline was to stay Kosygin to be tough. And he followed orders, making no concessions except on the proliferation treaty.

Nevertheless, the Kosygin-Johnson talks have been well worthwhile—not for the sake of the atmosphere they created, but for the fact that each had a point to make. And while they couldn't agree on many points, they represented his country in a reasonable way.

Kosygin showed early in the Friday conference that he usually is pictured in public as "rank" by telling LBJ, "I have been a grandfather for 18 hours."

Though an agreement was reached on how to East crisis, diplomatic courses in Washington were able to persuade Kosygin that the U.S. agreement there.

As to Vietnam, Kosygin showed considerable two conference simply recognized it as a dead-end party. He said the United States has put its manpower into Vietnam that we cannot pull out of it. He said the United States has put its manpower into Vietnam that we cannot pull out of it.

President Johnson reported to his Cabinet that Kosygin was a dignified, lawyer like, arguing country. There was no raising of the voice, as in the case of the other side. We didn't get into the call each other names. He didn't try to bulldoze me. He didn't try to bulldoze me. He didn't try to bulldoze me.

Kosygin knew, of course, that he was playing into the right-wing military Congressmen, led by Rep. Gerald D-S.C., who long have criticized McNamara for holding the ABM. The Soviet embassy in Washington had been briefed Kosygin in advance.

However, he had instructions from Moscow and had done their best to avoid this expenditure. Not only did the budget to the highest point in history, but Johnson in the of the inevitable competition among Senators and Congressmen to get their ideas included in the 25 to be protected.

At Glasboro, McNamara and Johnson put on a Radio Premier Kosygin for negotiations to head off an ABM race. He argued that the United States, being ahead of Russia in offensive missiles, wants to prevent Russia from having a cheap defense. He claimed that offensive weapons are cheaper than defense; that Russia traditionally has been defensive and it cannot be denied the right to acquire the today.

## Mrs. Doucet hosts buffet

Mrs. Elaine Doucet entertained at a swimming and buffet party Sunday night at her home in Louisville Garden Apartments.

Among guests were Mr. and Mrs. Ed Ling, Mr. and Mrs. Ezra Morgan, Mr. and Mrs. Marcel Fournier, Mr. and Mrs. Carlson, Mr. and Mrs. Robert Hall, Mr. and Mrs. Frank Hille, Billy Griffith and Mrs. Donald Baker.

## Mrs. Brewer gives study

Mrs. R. Brewer presented the educational topic on Education through 4-H at the Waveland Extension Homemakers Club meeting last Wednesday at the Agriculture Center.

Mrs. R.L. McDougall reported on recent 4-H camp and 4-H district contest when Mary Jane Dees was a third place winner.

Mrs. Maurice George reported on the state council meeting.

Plans for the annual luncheon will be discussed at the July meeting. Mrs. Earl Gates conducted the business session in the absence of Mrs. C. Faust, president, and Mrs. McDougall and Brewer hosted the social hour.

LIKED COOPERATION - Mr. and Mrs. Stoufflet wanted a new Camaro and bought at Gerry Lane Chevrolet because they liked the cooperation they received from Herb Baron.

I decided on a new Camaro. I work in Baton Rouge and started shopping there and getting prices. I also shopped in Slidell. But our Chevrolet dealer here at home saved me money. The main reason for me buying locally was the cooperation I received from Herb Baron in my selection and getting exactly the car I wanted. Service is also important. The dealers in Baton Rouge are closed on Saturdays. I can drive home and visit and get my car serviced, as Gerry Lane Chevrolet is open until 6:00 P.M. on Saturdays.

An enforced vacation seems a rather difficult way in which to spend the summer, but apparently it was most effective. Not only have all sorts of interesting things been occurring in our absence, but a couple of talented correspondents have been contributing items to add to those Fred Bailey has most efficiently been gathering. Edith Pernicelli and Debbie Lucas are two of our helpers and another, who is quite artistic in judge by sketches on her, (or in it his?) letters, simply signs initials D.D.P. We are most grateful, and please for more of the same, for it will be quite a few weeks before we'll be able to do much clenching on our own.

Pretty Kathy Sam, a top student, talented dancer and choreographer, Waveland's princess in the 19th annual Gulfport deep sea fishing rodeo, was selected to reign as queen of the big 4th of July weekend event. A former Bay High student, now living in Ocean Springs, Debbie Wilson, was chosen first alternate and Priscy Cook second alternate.

Dale Russell, Hancock County's first official Miss Hospitality, was lovely in blue chiffon and rhinestone tiara atop her dark tresses, when she crowned Susan Scruggs first queen of the Waveland-Madison Club fair, last weekend at Coleman Avenue and the beach. Highlight of Sunday's festivities was the talent contest. First place went to Maria Lou for her modern jazz dance; second to Pamela Strawn who impersonated movie and tv stars, and Betty Lechner was third with a lively top dancing number.

A large parade commencing at 1:30 p.m. kicked off Sunday activities, led by official queen with streamer blaring from Dale atop a shiny convertible. Shrieking on caught up motorcycles, the Legion locomotive, floats, etc., interspersed with cars, decorated as more convulsions. Judging was at 3 p.m. Susan's formal was a soft apricot hue, her sister Sara's, white lace over moss green bodice with white skirt. Sara was second alternate. First alternate Cecilia Crider wore an emerald gown with white lace over red tulle bodice and white skirt. Dora Simmons, her black dress artfully decorated, came pale green; Vicki Renaldi, flowing white chiffon; Natalie Claxton and Vicki Schmitt, blue Maroon Stumm, car yellow; Carolyn Dinkler, white with pearl water ornaments, and Mary Joze Dizon, white accented with green to complement her lovely natural hair. Queen Susan will reign over all festivities held for Waveland youth during the year.

Still on beauty and talent - Jovell Thomas, candidate for queen at the Little Theater play of that name, presented Wednesday through Saturday at the Barkin Avenue playhouse.

Former St. Joseph's classmate may have recognized Cecilia Crider's picture in a recent issue of the Times-Picayune. She was one of 20 en-

position of secretary of Hancock County Chamber of Commerce. She and her Jerry, who'll accompany her on the trip, will be guests of former Bay residents, Martin and Arnold Kahn, who now live in Denver, and they have planned all sorts of interesting life to side trips.

## Emigrants

As we're still limited in travel, lots of probably permanent leave will of necessity be omitted, including names of many who have been here with MTF and/or affiliated companies, and either have or will be leaving within the next few weeks. Jackie and Bob Robinson, children, their dog Lady, boat, trailer, etc. left Friday for Huntsville where they may or may not remain. Others slated to leave shortly are the Vernon Ballboys, Leo and Chuck La Croy and Chris and Bob Aldis.

Peggy and Floyd Hopding have moved into the Crescent City where they are residing in the plush Gatehouse Apartments, but will retain their Lafayette Drive home as a "summer place".

Elizabeth Ling was getting beautiful in preparation for a holiday weekend in Baton Rouge where she was the guest of frequent Bay visitors Vinette and Orville Kastor. The purpose of her trip was to attend the wedding of their only daughter, Frances to Milton Killian, a native of New Orleans and presently a graduate student at LSU.

Some belated birthday greetings to catch up on. Franco (Mrs. Vic) Frondeaux cut her cake on June 4; Mat (Mrs. Nellus) Rhoads, on June 5; Doris (Mrs. Joe) Lohcano, on June 8; Cliff (Mrs. Carl) Bandaret, on June 8; and if we're not mistaken Dutch Manhart and Hizzoner John Seaford, shared June 10, upon which to celebrate.

Doris Hirsch has returned from extensive travels and is again living in her Grosvenor Place home. Husband Cal will return soon clutching a diploma entitling him to ship's officer rating, in his hot little hand.

Gordon Glavin is at home once again after a long siege in Veterans Hospital in Biloxi, then more tests and finally surgery, in Veterans in the Crescent City.

**SIGHTS AND SOUNDS ALONG THE WAY** - Best red tourists, wearing equally brilliant swimming attire, flocking all over the place: lush emerald grass carpeting lawns, thanks to much needed showers; late, late sunsets, pink, orange and purple, visible almost 'til bedtime and the nautical bang bang of fireworks, as thousands of dollars worth of nothing vanishes in a blast of pale grey smoke.

## Griffin addresses relations council

J. Ruble Griffin of Paves and Griffin law firm, who was on the state attorney-general's staff before coming here, addressed the various state officers and their functions in a talk before the Hancock County Community Relations Council June 27.

In his 40 minute talk, followed by a question and answer period, Griffin also explained the differences between the various types of courts and the correct form for requesting car compensation.

With Mrs. C.C. McDonald Jr., presiding council, also tackled problems of public housing, summer employment, credit union formation and their Community Action Program.

Malvin Alderman and Warren Carver, joint chairmen of the employment project, requested all the council members to find summer jobs for students.

Most positions available for students wishing to work over summer are already filled, they said.

Rev. Jerome LeDuc of the Bay Credit Union has been formed and there is a possibility that a federal grant may be forthcoming to put it on its feet.

Early of the two Bay housing projects covered such topics as ground maintenance, garbage and parking.

Members heard the local Headstart program had received high praise from Jackson officials and discussed the

**Gripe corner**  
Despite the fact that it's been clearly stated more than once, 24 feet of right of way on the beachfront is county property, and therefore designed to allow parking for anyone who desires to swim, crab or just sunbathe, a number of home owners have erected crude, unattractive and just plain dangerous barriers to prevent use of the public domain. One gentleman of whom we're usually very fond, accuses himself by making people move their automobiles, and even called Marshal Fred Bergquist, who on the big holiday weekend, surely had more important things to do. Fred explained that it is a sunny ground, but a number of cars ended up jamming both sides of Nicholson Avenue, just to avoid argument, which in turn created a genuine traffic hazard.

**LEGAL NOTICES**  
TRUSTEE'S NOTICE OF SALE  
WHEREAS, on February 14, 1966, Jack W. Bortea, executed a deed of trust to O.B. Taylor, Jr., Trustee for the benefit of Lumbrough Investment Company, which deed of trust is recorded in Deed of Trust Book 113 at page 351 in the office of the Chancery Clerk of Hancock County, State of Mississippi; and

WHEREAS, default having been made in the terms and conditions of said deed of trust and the entire debt secured thereby, having been declared to be due and payable in accordance with the terms of said deed of trust, and the legal holder of said deed of trust, Lumbrough Investment Company, having requested the undersigned trustee to execute the trust and call said loan and property in accordance with the terms of said deed of trust for the purpose of selling the same thereunder, together with attorney's fees, trustee's fees and expense of sale,

NOW, THEREFORE, I, O.B. Taylor, Jr., Trustee in said deed of trust, will on the 6th day of July 1967, offer for sale at public outcry, and call within legal hours, (being between the hours of 11:00 A.M. and 4:00 P.M.), at the front door of the County Court House of the County of Hancock, Mississippi, to the highest and best bidder for cash, the following described property lying and being situated in the County of Hancock, State of Mississippi, to-wit:

Lot 21, Block 1 of Spanish Acres Estate Subdivision to the County of Hancock, State of Mississippi, as per map or plat thereof on file and of record in Plat Book 3, Page 31 of the Plat Records of Hancock County, Mississippi.

I will convey only such title as is vested in me as trustee.

WITNESS MY SIGNATURE on this the 25th day of May, 1967.

**Should A Landowner Be Paid**  
for the Location of an Oil / Gas Well On His Land Where He Does Not Own the Minerals?

oil companies be required to pay to the owners of land (where the well has been previously reserved) an overriding royalty from a producing well on the land?

Mississippi, if an oil or gas well is produced on land where the minerals are reserved, the land or surface owner receives no royalty from the producing well.

**IS FAIR AND JUST? I THINK NOT!**

the landowner should receive from the oil companies, for the use of the land, an overriding royalty from an oil or gas well located on his land. Under my plan, the landowner would receive the amount of the royalty from the mineral owner but would not have to pay the surface owner in addition to the mineral owner.

Fishing over the past week and was fair to middling with reports of both fresh and salt water fish being caught. Hard and soft shell crabbing was on the down grade, but should pick up gradually.

With no rain and low falling tides in the afternoon, fly fishing and casting have been pretty good with the fish striking late in the evening, just before dark.

W.A. Rhedume says he has been catching some nice speckles and other salt water fish at different places.

Sheldon Sautzmann, Jr., has been doing some small fly fishing. It's work but lots of fun he claims.

John Gentin has been giving his new light plenty of work. John loves soft rabbing and gets his share when the crabs are around.

Pat Haggerty of New Orleans spent the week with his grandparents, Mr. and Mrs. Doc Elliott. Pat loves all kinds of sports, but says even with day light saving time, there is still not enough time for sportsmen.

Clark Schindler although working while home on vacation, is having a ball, as he put it, doing the things he likes.

Nicky Rautet, a commutator to New Orleans, fishes, and participates in other outdoor sports on weekends.

Shuffle Board popularity is on the increase and local players include Freddy Lane, Bud Thomas, Carl Thibaut, Bill Horton, Liz Corr, Tedde Thomas, Jr., Eddie Marquez, Lee Cester, Ray Davis, Mr. and Mrs. Bob Stewart, and Mr. and Mrs. Charlie Brown.

Shrimp are more plentiful at this time than in previous years. They are running exceptionally large and are being caught most everywhere. Commercial fishermen are doing a bang up business and customers are enjoying the low prices. Shrimp are good boiled, fried, and in salads and are an excellent fish bait.

Bob Dahlstrom has gone on a month long business trip to Washington, D.C.

Perre Quintin is expected down here soon on vacation.

Coming over for the weekend from New Orleans are Robbin Maginnis, Patrick Fanning, Mike Fanning, Chas. McCoy and Pat Haggerty. They expect to fish, swim, and soft crab Mr. and Mrs. Larry Kronenberger and family are spending three weeks with Mayor and Mrs. John Scalfaro.

Hunting and fishing licenses will expire on June 30, the last day you may use your 1966-67 license.

All out of state fishermen using artificial baits in Mississippi waters must have a non-resident license. The same law applies to Miss. fishermen fishing in out of state streams.

The St. Stanislaus coaching staff for 1967-68 will consist of Bill Murphy, head coach; Buddy Pitolo, Harold Hix, Anthony Cuccare and James Thirfly according to Brother Roland, president.

Brothers Leon, Roy, Phillip and Roland of SSC all enjoy the area's favorite sport, fishing. Brother Roland was telling us of the two six and one half pound, one five pound and three four pound black bass he has caught lately. Where he catches them is a special

secret.

Dan M. Russell, Jr., was telling us of the pleasant trip he and some of his buddies made recently to Meridian. While there they caught some extra large white perch. These fish are caught most anywhere in the north half of this state. They fight hard and are caught with fly rods and by still fishing.

A lot of our local sportsmen catch frogs over in Louisiana. The frog season opened again on June 1st after being closed during April and May. Frogs may be taken by a mechanical device provided it is not one that punctures the skin or scars the frog meat. Spears cannot be used for catching frogs. Experienced froggers catch frogs with their bare hands. It is unlawful for any person to carry or have in possession any shotgun, rifle or firearm while taking or hunting frogs either during the night or day.

Ricky Richardson, son of Mr. and Mrs. Joseph (Chap) Richardson has been bringing home some nice fish caught off the legion pier. He takes behind his father when it comes to fishing.

Jimmy Travirca and Al Kingston are talking recently about the big specks they have been catching in outside waters.

Alfred Hinkkanen of Detroit Mich. last week visited his son, Harry, at his home in Waveland. He loves to fish and promised another visit when he will have time to try his luck down south.

Congratulations go to Henry Mond, Jr., who has recently been promoted to second vice president of the Mar Chants Bank Henry besides doing a good job in the bank has done a swell job playing soft ball for nine years with Trepont's team.

I work at the Test Site for GE and live in Pass Christian. I wanted a specific type of car. I tried several places and none seemed to be interested in getting a car like I wanted. That is until I tried Dave Sloan at Gerry Lane Chevrolet. Dave found the car I wanted in Lafayette, but they wanted a car that Dave didn't have. He found the car the Lafayette dealer wanted in Baton Rouge. So Dave took a car to Baton Rouge and picked up the car there that the Lafayette dealer wanted. That just goes to show the amount of personal attention you receive at Gerry Lane Chevrolet.

**PLANK NUMBER 3 OF MY PLATFORM**  
A PROGRAM OF EDUCATION FOR OUR BOYS AND GIRLS THAT DO NOT PLAN TO GO TO COLLEGE.

Our schools do a good job of preparing children for college; but, what about our students that go beyond high school?

Our school system does very little to prepare them to take their place in industry and commerce. This has been a major fault of our school system. Only one of our high school students go on to finish college. The majority of our school budget is spent on college courses.

This condition should be corrected now so that there be no necessity for retraining program. We should either in a department of our present schools or in a vocational high school, courses to teach all the trades and service trades so that those boys and girls who do not go to college can take their rightful place in industry and commerce.

There is Federal money available to add in the content of such a school. It costs the taxpayer to train high school students in subjects that will be more than it does now for an academic course. Little serve them after school.

If this county is to develop industrially, a sound labor must be available. Let us prepare our children their place in and add to our progress.

## Dixie youth ball

### Williams pitches Jaycees to win

Randy Williams, playing for the Jaycees in Dixie Youth League baseball, showed his skill last Wednesday and claimed pitching honors, when his team beat the Bulldogs 10-0. Manager Doug Harrison was charged with the task.

Both crews hit in all directions. For the Jaycees, Andy Portolano pitched 2 for 3 or more and for Marcheno, Bill Carr, Keith Necolas and Dale Linder all pitched a 2 for 4 or more.

Recognizing the coming July 4th holiday last Wednesday the 'Spirit of America' Independence rally held the flag and baked out a 19-6 victory over the Bulldogs.

Independence Keith Birch and Cory Holstein fired three times for four 'at bats' while making no mistakes on the ledger sheet Tommy Thera and Ed Linder pitched 1,000 with 2 for 2 for the Bulldogs.

Bulldogs carried the banner for the winners while Linder was called into the bank president's office after the game.

Last Friday the Gulf National Bank boys, with an eye to future profits in league standings, refused a loan to the Jaycees and showed them some dandy interest rate plays before demolishing their ego 9-7.

Hitting was apiece off pitcher Dave Necolas. Kevin Carr managed a pair of doubles, and Randy Portolano chopped the same number of singles for the Jaycees. Portolano was losing pitcher for the Jaycees.

The second half of Friday's diamond drama was between Marcheno Bank and Bulldogs. The bankers went looking for collateral against any transactions of business and came out ahead 13-4.

Riemann's contingent only managed 3 hits while cooking in for the interest gaining group were Keith Necolas, 2 for 2; and Randy Krankey, Doug Harrison and Ken Foyre each at 50 per cent or 2 for 4.

Alvin Lafontaine was Gun, Rod club re-elected state

All incumbent officers of the Bay-Waveland Gun and Rod Club were re-elected at a meeting last Thursday in the American Legion Home.

Jack Linder was re-elected president, August Rausat, Jr., vice president and Alvin Genin Secretary-treasurer. Donald Caldwell and Bill Johnston remain as board of directors.

Linder announced that current dues are now payable. Members voted on where to place the 100 pair of quail recently purchased which will be set in various locations in the county. A shrimp dinner was served afterwards.

Gerideau chosen airman of month

Airman First Class Harry J. Gerideau, whose mother is Mrs. Bernice J. Taylor of Philadelphia, Pa., has been named Outstanding Airman in his unit at Travis Field, Wisc.

An air policeman, he was selected for his exemplary conduct and duty performance. He is a member of the Air Defense Command which provides aerospace defense against hostile aircraft and missiles.

The airman, a graduate of Thomas A. Edison High School, attended Allen University in Columbia, S.C. His father, Harry Gerideau, resides at Indiana, Pa.

His wife, Essie, is the daughter of Mr. and Mrs. Curly Benton of Waveland.

### Bay-Waveland sailors 4th in DeBuys race

Sailing in 'foreign' waters, Bay-Waveland Yacht Club skipper finished in fourth place over the weekend in the Rahn DeBuys Regatta at Pass Christian.

Host Pass Christian Yacht Club finished in top slot, winning all three races, followed by Biloxi, Buccaneer, Bay-Waveland, New Orleans and Southern.

Supporting for the Bay over the equally Mississippi Sound course were Dr. Leroy McFarland, Ray Stoffel and Basil Kennedy.

## In huge field 4 Bay swimmers place in Jackson

Bobby Allen, swimming in boys 8 and under class, won two second place medals over the weekend at the Jackson Invitational meet. Other Bay Swim Team members winning tri- or more medals were Patrick and Susy Anderson and Ed Porter, III.

Twenty-one teams with a total of 875 contestants vied for top honors. Because of the numbers some swimmers had as many as 15 heats with six swimmers each. The top six times were taken from the preliminaries and matched for the finals.

Mr. P.E. Porter, Jr., and Mrs. Fred Wagoner, Bay coaches who attended onlookers, said they were 'well pleased' with the meet but commented that future units of this size may have to change to a qualified time system.

She said the Bay group scratched their throats in three relay events as they had such a long way to travel home.

"When we left at 5:30 p.m. Saturday they were swimming and according to one girl who stayed to watch they were still going at 8:30 p.m.," Mrs. Porter said.

Under the qualified time system, swimmers would be entered on bases of times given in home pools. This would permit officials to match swimmers of equal ability.

Allen, son of Mr. and Mrs. Robert Allen of Pass Christian, captured his second medal in the 25 yard free style and 25 yard back stroke events. He placed first in the free style preliminary race.

Patrick and Susy Anderson are the children of Mr. and Mrs. William M. Anderson of Clifton, Searcy. Susy, swimming with girls 8 and under, placed third in the 50 yard butterfly event and won running third in the 50 yard breast stroke.

Patrick won a third place medal in the 50 yard butterfly, boys 9 and 10, and placed sixth in the individual medley.

Young Porter swam into fifth position in the 50 yard free style, 100 yard free and the 50 yard back stroke.

Noting for the group to July 15 - 16 at Piqueno.

### Constable Beat 5

#### HANCOCK COUNTY

I would like to take this opportunity to announce my candidacy for the office of Constable of Beat 5 Hancock County. I was born and raised in Bay St. Louis. I am 39 years old and married to the former Lois Asher of Lakeshire. We have 2 children, Judy and Mike. Lois has been employed at Moyers Grocery for the past 15 years and I am employed at the Mississippi Test Facility with Travivco Co. I am a veteran of World War II and a member of the American Legion. From 1960 to 1964, I was a Deputy Sheriff in Hancock County. During that time I was on duty 24 hours a day and never refused to answer a call regardless of the time or conditions.

During my tenure as Deputy, I was the only one who protected the school buses on Highway 90. It hasn't been done since. For 4 years I stopped drag racing around schools. As a Deputy Sheriff I protected the children of Hancock County and, if elected, I'll do it again. If I am given the chance of being your next Constable, I will give you the people of Hancock County and the children of our county the protection that is necessary to maintain a safe and decent county. Why not turn the office of Constable into a job that can be used by the citizens to promote the welfare of Beat 5.

YOUR VOTE AND INFLUENCE WILL BE GREATLY APPRECIATED
